PAGE 1 / PORTRAIT

The first page has a red marker and a four-color image. Floating and picker PDF previews should always show this page.

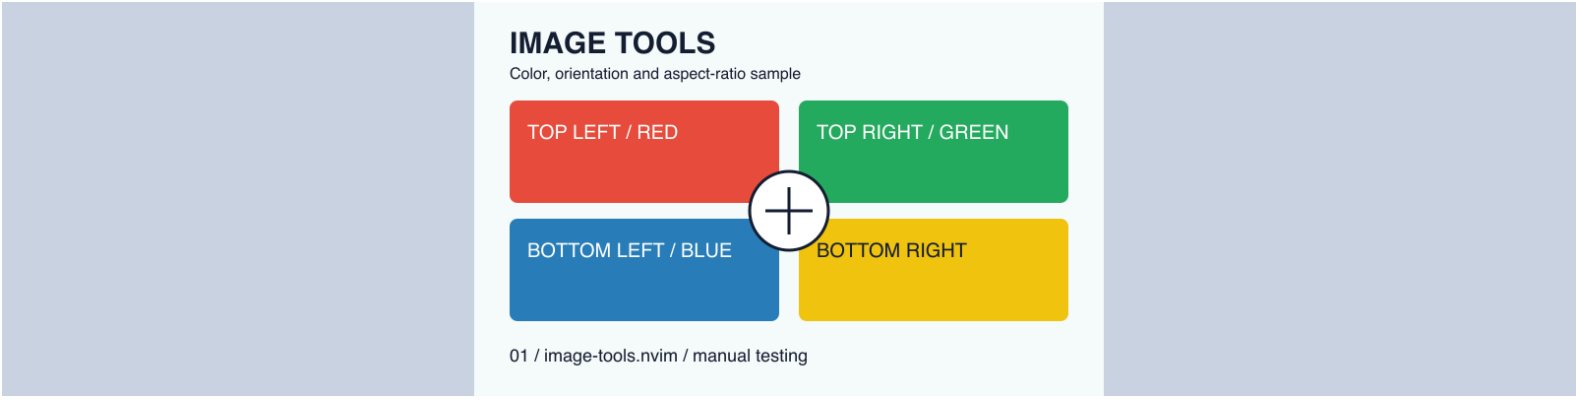

Open this PDF with `:ImageOpen examples/sample.pdf` from the repository root. Use `]p` and `[p` to change pages, `+` / `-` to zoom, arrow keys to pan, and `0` to restore fit.

PAGE 2 / LANDSCAPE

The second page is wider and has a green marker. The page orientation, number and marker should change together when paging.

PAGE 3 / DETAIL

The last page has a blue marker and a numbered grid for zoom/pan checks. The outer border and every row/column should be visible at fit zoom.

1	2	3	4
5	6	7	8
9	10	11	12
13	14	15	16
17	18	19	20
21	22	23	24
